## Report on review of condensed consolidated interim financial information to the Board of Directors of Gulf International Services Q.P.S.C.

### *Introduction*

We have reviewed the accompanying condensed consolidated interim statement of financial position of Gulf International Services Q.P.S.C. (the "Company") and its subsidiaries (together referred to as the "Group") as at 30 June 2026 and the related condensed consolidated interim statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the six-month period then ended, and explanatory notes. The Directors are responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with International Accounting Standard 34 'Interim Financial Reporting' as issued by the International Accounting Standard Board (IASB). Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

### *Scope of review*

We conducted our review in accordance with International Standard on Review Engagements 2410, 'Review of interim financial information performed by the independent auditor of the entity'. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### *Conclusion*

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 'Interim Financial Reporting'.

## 1. REPORTING ENTITY

Gulf International Services Q.P.S.C. (the "Company") is a Company incorporated on 13 February 2008 in the State of Qatar under the commercial registration number 38200 as a Qatari Shareholding Company. The principal activity of the Company is to operate as a holding company. As per the Extra Ordinary General Assembly Resolution and in accordance with the Qatar Commercial Companies Law No 11 of 2015 the legal form of the Company has been changed to Qatari Public Shareholding Company (Q.P.S.C.) in 2018. The registered office of the Group is situated in Doha, State of Qatar.

This condensed consolidated interim financial information comprise of the Group and its subsidiaries (together referred to as the 'Group'). The Group is primarily involved in provision of drilling, aviation, insurance and reinsurance.

On 26 May 2008, Qatar Energy listed 70% of the Group's issued share capital on Qatar Exchange. An extraordinary general assembly held on 4 November 2012 approved the amendments to the Articles of Association in which it increased the ownership limit of General Retirement and Social Insurance Authority ("GRSIA"). Subsequently, as per the instructions of the Supreme Council of Economic Affairs, Qatar Energy divested 20% of its stake in the Group to GRSIA.

These condensed consolidated interim financial statements comprise the financial information of the Group and below stated unlisted wholly owned direct subsidiaries as at the end of the reporting date:

| Name of the company                                                       | Country of incorporation | Segment   | Percentage of holding |                  |

## 2. BASIS OF PREPARATION

The condensed consolidated interim financial information for the six-month period ended 30 June 2026 has been prepared in accordance with IAS 34 Interim Financial Reporting under the historical cost convention except for the following:

- Equity instruments classified as Fair Value Through Other Comprehensive Income (“FVTOCI”) and Fair Value Through Profit and Loss (“FVTPL”), are measured at fair value;
- Amounts relating to a hyperinflationary economy have been adjusted to reflect the effects of hyperinflation to express the financial statements in terms of the monetary unit current at the end of the reporting date as required by IAS 29.

The condensed consolidated interim financial information is prepared in Qatari Riyals, which is the Company’s functional and Group’s presentation currency, and all values are rounded to the nearest thousands (QR.’000) except when otherwise indicated.

The condensed consolidated interim financial information does not include all information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Group’s annual consolidated financial statements for the year ended 31 December 2025. In addition, results for the six-month period ended 30 June 2026 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2026. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since the latest annual financial statements.

### 2.1 Judgements, estimates and risk management

The preparation of the condensed consolidated interim financial information requires management to make judgments, estimates and assumptions that affects the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. The significant judgments made by management in applying the Group’s accounting policies, the key sources of estimation uncertainty and financial risk management objectives and policies were the same as those that applied to the Group’s annual consolidated financial statements for the year ended 31 December 2025 except for the significant judgement applied during the period in relation to the transfer of control on the sale of an aircraft as described in Note 6 (c). Management has also considered the potential implications of geopolitical developments in the region, as described below in the preparation of this condensed consolidated interim financial information.

#### *Geopolitical developments in the region*

Management has assessed the impact of the current geopolitical developments in the region on the Company’s and its subsidiaries operations, financial position, and performance for the period ended 30 June 2026. Accordingly, these developments have been considered in determining the significant estimates and judgements applied in the preparation of this condensed interim financial information. Management continues to monitor the situation closely.

## 3. NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS

### 3.1 New and amended IFRS Accounting Standards adopted by the Group

The Group has applied the following amendments for the first time from 1 January 2026:

- Amendments to the Classification and Measurement of Financial Instruments - Amendments to IFRS 9 and IFRS 7

The amendment listed above did not have a material impact on the amounts recognised in prior periods and are not expected to significantly affect the future periods.

## 3. NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS (CONTINUED)

### 3.2 Impact of new standard (issued but not yet adopted by the Group)

IFRS 18 Presentation and Disclosure in Financial Statements (effective for annual periods beginning on or after 1 January 2027):

IFRS 18 will replace IAS 1 'Presentation of financial statements', introducing new requirements that will help to achieve comparability of the financial performance of similar entities and provide more relevant information and transparency to users. Even though IFRS 18 will not impact the recognition or measurement of items in the financial statements, its impacts on presentation and disclosure are expected to be pervasive, particularly those related to the statement of financial performance and providing management-defined performance measures within the consolidated financial statements. Management is currently evaluating the comprehensive impact of implementing this new standard on the group's consolidated financial statements and will proceed with its adoption as of the mandatory effective date, 1 January 2027. As retrospective application is required, comparative figures for the financial year ending 31 December 2026 will be restated in compliance with IFRS 18.

Certain new accounting standards and interpretations have been published that are not mandatory for the current reporting period and have not been early adopted by the Group. The management of the Group is in the process of assessing the impact of these new standards, interpretation and amendments which will be adopted in the Group's financial statements as and when they are applicable.

## 4. MATERIAL ACCOUNTING POLICIES

The accounting policies used in the preparation of this condensed consolidated interim financial information are consistent with those used in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2025, and the notes attached thereto, except for the adoption of certain new and revised standards, that became effective in the current period as set out below and as disclosed in Note 3.

### 4.1 Global minimum tax

On 27 March 2025, the State of Qatar published in the Official Gazette Law No. 22 of 2024, amending specific provisions of the Income Tax Law (Law No. 24 of 2018) by introducing the Domestic Minimum Top-up Tax (DMTT) and Income Inclusion Rule (IIR), with a minimum effective tax rate of 15%. These amendments became effective from 1 January 2025. Subsequently, on 12 February 2026, Executive Tax Regulations were issued under Law No. 3 of 2026, providing additional guidance on the implementation, administration, and compliance requirements of the Pillar Two framework.

The Group and its subsidiaries mainly operate in Qatar, Turkey and Morocco and form part of the QatarEnergy ("Ultimate Parent Company") multinational enterprise (MNE) group, headquartered in Qatar and subject to the Pillar two tax regime.

The Ultimate Parent Company's management has assessed the Group's Pillar Two position including consideration of the Transitional Country-by-Country Reporting ("CbCR") Safe Harbour provisions. Based on this assessment, the jurisdictions in scope satisfy the Simplified Effective Tax Rate ("ETR") Test and / or the De minimis Test. Accordingly, management has concluded that the Group qualifies for the Transitional CbCR Safe Harbour for the year ended 31 December 2025. Management expects to qualify for same for the financial year ending 31 December 2026. Accordingly, management does not anticipate any material Pillar Two top-up tax liability for the current period. The Group will continue to monitor legislative developments and evolving interpretations of the Pillar Two rules in Qatar and other jurisdictions in which it operates.

## 6. PROPERTY AND EQUIPMENT (CONTINUED)

- (a) Capital work-in-progress relates to advances paid to the suppliers for acquisition of aircraft. This amount will be transferred to aircraft, once those are received by the Group.
- (b) The Group has the following two helicopters which are legally registered under its name but owned by third parties. These assets are not recorded in the condensed consolidated interim financial information:
  - (i) A7-GCR owned by Crest Aviation (registered at British Virgin Islands).
  - (ii) A7-HMD owned by one of the customers of the Group (registered in Qatar).
- (c) *Significant judgement in relation to addition and disposal of an aircraft:*

During the period, the Group acquired an aircraft, included within the aircraft category, for QR. 41.5 million and subsequently sold it to Air Ocean Maroc (AOM), a joint venture of the Group, at the same amount. Management applied judgement in assessing whether the Group obtained control of the aircraft on acquisition and whether control had transferred to AOM. Management concluded that the Group obtained control on acquisition, as it accepted delivery and had the ability to direct the use of, and obtain the benefits from, the aircraft. Management further concluded that control had transferred to AOM, as the aircraft was registered in AOM's name and AOM had the ability to direct the use of, and obtain substantially all of the remaining benefits from, the aircraft, while also assuming the related operational risks and responsibilities. Although the related sale agreement had not been finalised as at the reporting date, an invoice for QR. 41.5 million was issued to AOM and, accordingly, the aircraft was derecognised and a corresponding receivable was recognised within due from related parties in the current assets.

Notes to the condensed consolidated interim financial information for the six-month period ended 30 June 2026

(All amounts are expressed in Qatari Riyals unless otherwise stated)

### 22. INCOME TAX EXPENSE (CONTINUED)

All Qatar based subsidiaries of the group are included in the said MOU according to which, the income tax liability of the Group will ultimately be borne by Ministry of Finance ('MoF'). However, as per the MOU, the subsidiaries are required to calculate the income tax due based on the Group's ownership and pay such income tax amounts directly to the parent company.

In February 2024, the Group agreed with General Tax Authority (GTA) on the change in the tax base of under Income Tax Law No. 24 of 2018 (as amended) by Law No. 11 of 2022, resulting in the adoption of 100% tax base by all of GIS subsidiaries and affiliates.

This is effective for all of the Group's subsidiaries and affiliates. Accordingly, the Group has accounted for income tax for the period ended 30 June 2026 using the effective rate of 10% (2025: 10%).

Under the provisions of MOU, the Group has not recorded any tax expense or income and presented the effect on a net basis for the Group's subsidiaries and affiliates in Qatar.

The Group has accounted for the tax expense relating to the current and deferred tax liabilities of Group's foreign subsidiaries amounting to QR. 8.5 million in the statement of profit or loss as detailed below:

### 28. FINANCIAL INSTRUMENTS – FAIR VALUE

The fair value of financial investments that are actively traded in organized financial markets is determined by reference to quoted market bid prices for assets and offer prices for liabilities at the close of business at the end of the reporting period.

For financial instruments where there is no active market, the fair value is determined by using valuation techniques. Such techniques include using recent arm's length transactions, reference to the current market value of another instrument which is substantially the same and/or discounted cash flow analysis. For discounted cash flow techniques, estimated future cash flows are based on management's best estimates and the discount rate used is a market related rate for a similar instrument.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The carrying value of the financial assets and liabilities approximates their fair values.

#### Fair value hierarchy

The fair value of financial instruments approximates their carrying values.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs which have a significant effect on the recorded fair value that is not based on observable market data.

At the reporting date, the Group held the following financial investments measured at fair value.
